User Stories

I need an app that provides quick and intuitive access to understand how to donate & purchase either new or used rugby boots

I want to detailed information on make, size, colour and stud type of a replacement rugby boot

My personal information must be secure and password protected

My donated rugby boot information must be kept in a secure environment and protected from unauthorised edit & or deletion

Obsolete rugby boot donations can be removed from my profile by an authorised user

To have access to a blog function to understand availability of replacement rugby boots that may not be appearing on Re-Boot website

I would like the opportunity to write a review / provide feedback of my user experience

I'd like to upload my rugby boot donation by adding make, size, colour, stud configuration and image too

I would like the flexibility to donate and purchase rugby boots at different times. Replacement boots may not be available at the time of boot donation

I want to be able to delete unwanted rugby boot products from my shopping cart

Replacement boots - I'm willing to pay £5.00 for junior boots and £10.00 for adult boots
