

Goal

Review - Entities

Advantages - Attributes

Weak - Relationships

Conversion Model - User story > Conceptual Data Model:

read an **idea** that associates **which** and **whether** access to understand how to **describe** & **achieve** either **new** or **used** **radio** **bands**

read **desired** information on **radio** **size**, **colour** and **shape** of a **replacement** **radio** **band**

the **personal** information must be **secure** and **corrected** **extended**

the **desired** **radio** **band** information must be **read** in a **secure** environment and **protected** from **unauthorised** **edit** & or **delete**

delete **radio** **band** information can be **recovered** from the **profile** for an **authorised** **user**

To have access to a **user** function to understand **availability** of **replacement** **radio** **bands** that may not be **available** on the **best** **website**

Would like the opportunity to write a review / provide **feedback** of the **user** **experience**

Of this to **control** the **radio** **band** **duration** by **radio** **radio**, **size**, **colour**, **shape** and **frequency** and **name** **has**

Would like the **flexibility** to **delete** and **achieve** **radio** **bands** at **different** **times**. **Replacement** **bands** may not be **available** at the **time** of **band** **duration**

Want to be able to **delete** **unwanted** **radio** **band** **products** from the **database** **can**

Replacement **bands** - can **upload** the **size** of **the** **radio** **bands** and **edit** **the** **radio** **bands**
